

ATD-81050

Max Capacity - 250 lbs

ASSEMBLY INSTRUCTIONS:

- 1) Place 2 bolts (#4) through square holes in caster base as shown. Make sure the square shoulder on bolt stays fit in square hole on caster.
- 2) Place caster onto plastic body of creeper (#1). Make sure that the bolts go through both holes provided in the creeper body.
- 3) Slide sleeve (#7) onto male portion of bolt (#4) that is sticking up through the body of the creeper. Sleeve should recess into body of creeper.
- 4) Secure with nut (#5).
- 5) Repeat procedure for each caster.
